LSPrint Integrated Teller Scanner/Printer

Smallest
Footprint

Fast & Quiet

Thermal
Image Receipts

The *LSPrint* combines a feature-rich document scanner with the power and speed of a thermal printer in one combined device. *LSPrint* offers the smallest footprint and fastest scan speed available - by adding thermal image receipts to the proven, best price/performance of the LS150 scanner technology.

With its small footprint, fast and quiet operations, and thermal printed receipt capabilities, the *LSPrint* is the industry benchmark for teller applications.

- Combo device footprint — compact space-saver — up to 40% smaller footprint than competitive products
- Fastest transaction speed — up to 150 dpm and printing 54 receipts per minute
- Thermal image printing — reduces consumables, speeds printing, very quiet operation
- Two devices/one USB cable — uses inbuilt LS150 hub for few cables and USB ports
- Single power supply — eliminates teller workstation clutter
- Front loading receipt rolls — saves space and effort
- Single handed item insertion — easy to use
